

Tax Cut Proposal By Dillon

Excise Taxes Study Urged By Secretary

WASHINGTON (AP)—Secretary of the Treasury Douglas Dillon came out flatly today for some excise tax reduction next year. Almost simultaneously President Johnson's chief economist suggested that the government subsequently consider feeding back part of its rising tax revenues to the states.

The proposals were delivered to the Democratic platform committee, holding open hearings preparatory to next week's national convention in Atlantic City, N.J. The ideas seemed certain to become planks in the party's 1964 platform.

Dillon, who previously has spoken cautiously of proposals in Congress for repeal or reduction of the Korean War excise taxes, told platform writers: "I think next year is the time."

He promised that the Treasury will be prepared to give Congress specific recommendations next year, but emphasized that he was not talking only about the wartime excises. The whole structure of excise taxes should be studied, he said, instead of simply repealing the best-known levies such as those on luggage or cosmetics.

Chairman Walter W. Heller of the President's Council of Economic Advisers offered a suggestion which excited even more interest among the committee members. After presenting a glowing report on the 42-month business expansion — which he said has reversed "the alarming economic trend" which set in during Republican rule—Heller noted that federal revenues will be increasing annually by something like \$6 billion if the business upsurge is sustained.

Symington Appreciation Day Set Here

Plans for a west central Missouri "Symington Appreciation Day" to be held Thursday, Sept. 17, at Smith-Cotton Cafeteria were made Monday night at a meeting of interested Sedalians who will help in arrangements. W. F. Brown, Sedalia attorney, who will serve as chairman of arrangements, announced he had cleared the date with Sen. Stuart Symington and the senator would be in Sedalia on that day.

The observance will be a dinner at 6:30 o'clock followed by short three minute expressions of appreciation from community leaders throughout this area for the leadership and help Senator Symington has demonstrated in securing the Whiteman AFB Minuteman Missile complex to preserve Whiteman as a military installation, and the Kaysinger Dam project, which will soon be in its first stage of construction.

Time will be given to Senator Symington to make response to the talks by area spokesman. Then following the adjournment of the formal meeting, coffee will be served and Senator Symington will be available to meet and talk informally with those in attendance.

Tickets will be made available to all the communities economically affected by the Whiteman missile project and the Kaysinger Dam development.

Chairman Brown stated this would not be a political meeting, since Sedalia and other communities will be represented by appreciative citizens of both political parties.

BULLETIN

The Pettis County Democratic Party Committee re-elected Henry C. Salveter chairman at a meeting late this afternoon. Mrs. B. A. Fischer was elected vice-chairman; Mrs. Ike Warren, secretary and W. C. Ream, treasurer.

The County Republican Party Committee was still in session as The Democrat went to press.

LAS VEGAS, NEV.—A spectacular ball of fire, not unlike the famed atom test bomb exploded near here in 1955, emanates from the explosion in Las Vegas of a 200,000-gallon storage gasoline tank belonging to the Richfield Oil Corporation. The tank, one of a bed of such tanks

which miraculously was saved from explosion by firemen who valiantly stood their ground, shot flames 400 feet into the air and burned for two hours Monday night before being controlled. Six fire fighters were injured, none gravely. (UPI Telephoto)

Hoffa Appeal Of Conviction Is Readied

CHICAGO (AP)—The chief counsel of James R. Hoffa says he will appeal the five-year prison term given the Teamsters Union president on a mail fraud and conspiracy conviction.

Maurice Walsh, Hoffa's chief attorney, said he would appeal the sentence and ask for a new trial within the 10-day period established Monday by Judge Richard B. Austin of U.S. District Court.

Judge Austin sentenced Hoffa, 51, to four concurrent five-year terms and fined him \$10,000. He said the term would be served after Hoffa finishes an eight-year prison sentence imposed in Chattanooga, Tenn., for jury tampering. Hoffa has appealed the conviction.

Judge Austin sentenced Hoffa and six codefendants Monday on convictions of mail fraud and conspiracy July 26, stemming from a scheme to fraudulently obtain more than \$25 million from the Teamsters pension fund.

Prosecutors said appeal procedures could forestall imprisonment for Hoffa for as long as two years.

Hoffa's sentence was the maximum permitted — five years for each of three counts of fraud and five years and the fine for conspiracy.

Chief Sees Growing Disrespect For Law

COLLEGE STATION, Texas—(AP)—Police Chief Curtis Brostron of St. Louis told a police-community relations institute Monday that there is "growing disrespect toward those who enforce the law."

Chief Brostron, a policeman for 26 years, called this "a challenge for the whole community, not police alone."

He addressed 60 law enforcement officials, youth counselors and sociologists at the annual conference at Texas A & M University. The St. Louis Police Department has received national recognition for its programs involving youth, and Brostron appeared to outline the programs.

New Assault On Nevada Grass Fires

ELKO, Nev. (AP)—Fire officials urgently mapped a fresh assault today on five major fires sweeping through sun-drenched grassland and sagebrush in northeastern Nevada.

There was no encouragement from the weather man, who forecast high temperatures, low humidity and possible high winds — an explosive combination.

More than a dozen Nevada blazes have blackened an estimated 350 square miles of valuable grazing land, an area about one-third the size of Rhode Island, since most fires were sparked by lightning Saturday. The burned area within a 50-mile radius of Elko was estimated at a minimum 205,000 acres.

The Bureau of Land Management, directing the battle, took steps to double its 1,100-man crew and boost the number of converted bombers, used to drop fire-retardant chemicals, from 7 to 40.

The Air Force and Forest Service were asked to transport reinforcements to Elko and to control the expected heavy air traffic. All private flights in and out of the Elko airport were banned to give the fire airlift unrestricted movement.

Four major blazes, dating from Saturday, whipped past fire lines Monday.

No Garbage Collection Fee Agreement by City Council

Johnson Tells Makarios

Cooperation Key To Cyprus Crisis

NICOSIA, Cyprus (AP)—President Johnson has told President Makarios there is "no acceptable alternative" to solve the Cyprus problem but to cooperate within the United Nations.

The Johnson message, released here today, was delivered to Makarios Monday night by U.S. Ambassador Taylor Belcher. It was in reply to an appeal

for aid which Makarios addressed to Johnson, and the world's other top leaders, at the height of the Greek Cypriot, Turkish Cypriot fighting last week.

Speaking of the cease-fire agreed to under U.N. auspices, Johnson said:

"I believe it to be of the utmost importance that these successful first steps lead now to other aims stated in the resolution — cooperating with the United Nations commander in restoring peace and refraining from any action that might exacerbate the situation. I see no acceptable alternative but that all parties move actively toward these goals. The United States is prepared to do everything within its power to help."

The message reached Makarios as Greece closed ranks with the Greek Cypriots by withdrawing some Greek forces from the North Atlantic Treaty Organization to help defend the Makarios government.

New Violence In Illinois Monday Nite

DIXMOOR, Ill. (AP)—Racial violence flared for a second time in this Chicago suburb Monday night, but heavily armed police put down the disturbance with only minor damage and injuries.

Forty persons, 27 of them white, were arrested. Most were charged with disorderly conduct or inciting a riot. Two persons were injured as rock-throwing Negroes made a target of passing vehicles.

More than 50 persons were cut and bruised by rocks during a five-hour disturbance Sunday night and early Monday. Two persons suffered minor gunshot wounds.

The predominantly Negro suburb of 5,000 population is two miles south of Chicago.

Civil rights leaders and 40 clergymen who attempted to avert the second outbreak of violence were critical of police work, particularly the use of canine patrols to disperse the mob.

The crowd of some 100 Negroes began gathering shortly before dusk near a liquor store which has been the focal point of the rioting.

Negroes claim the owner of the store, who is white, assaulted a Negro woman after accusing her of stealing a bottle of gin Saturday.

Ordinance Apparently Dies In Third Reading

City Council hit another snag in its efforts to establish a fee for garbage collection for Sedalia residents, when they couldn't agree on the amount.

Some members favored the original \$1 charge, others wanted to hike it 50 cents and make it \$1.50 per month for each family.

It is still a matter of confusion as to whether it died when the council voted 5-3 not to have a third reading, or whether the ordinance will be called up later for that reading.

Mayor L. L. Studer, when asked what the status of the ordinance was after the failure of the third reading vote, expressed the opinion that particular ordinance was dead.

The city councillor was in agreement after the meeting, but indicated the ordinance could be introduced again, but it would have to go through the regular procedure.

One member of the council was heard to remark after he voted no on the third reading that he thought that it was putting the ordinance off for another meeting. But he failed to change his vote before the council adjourned. Had he voted yes along with the three other council members, it would have thrown the matter up to Mayor Studer to break the tie.

Mayor Studer earlier did vote to break a tie vote after a motion had been offered by Councilman J. C. Griffin to raise the fee from \$1 to \$1.50 for residents of one-family dwelling, and from 80-cents to \$1.25 on apartments from four to eight dwelling units.

After the introduction and first reading of the seven and one-quarter page ordinance relating to the collection and disposal of garbage, refuse and mixed refuse and prescribed fees, Councilman Griffin took the floor.

He stated he wanted to make a motion to revise the section of fees for said services to be as follows:

1. Residents. \$1 per month per family unit to be changed to \$1.50.
2. Duplexes. \$1 per month per family unit to be changed to \$1.50.
3. Single Family Garage Apartments. \$1 per month per family unit to be changed to \$1.50.
4. Group housing. Three or more on same water meter \$1 per month per family unit to be changed to \$1.50.
5. Apartments. Four to eight units. 80-cents per month per family unit to be changed to \$1.25.
6. Apartments in Excess of Eight Units. At the commercial rate specified in the Commercial Code.

Legislative Session Is Imminent

Need \$3.5 Million For Tax Refunds To Missourians

JEFFERSON CITY (AP)—A special session of the Missouri Legislature would be asked to appropriate \$3.5 million for income tax refunds.

Gov. John M. Dalton, talking as if he had already decided to call a special session, said Monday its main purpose would be to correct the sales tax law so Missouri would not lose \$7 million a year in revenue.

But he said an appropriation also should be made to pay the refunds the state owes thousands of income taxpayers.

Charles D. Trigg, state comptroller and budget director, estimated today refunds of at least \$2,700,000 will be due to individual taxpayers by Jan. 1. Since that is only an estimate, he said a special session would be asked to appropriate \$3.5 million in order to take care of corporate and other refunds that might show up.

That would carry the refund program to the first of the year. Then the regular 1965 session would have to appropriate an estimated \$6.3 million more for additional refunds.

The 1963 Legislature appropriated \$16.5 million for refunds, including \$15.5 million estimated as needed for income tax refunds. But refunds under the withholding system were far higher than anyone expected and the estimate proved to be too low.

Last year, for example, the state paid \$12,913,042 to 776,958 taxpayers. This year it is estimated the payments will amount to \$12,400,000 or more to about 775,000 taxpayers.

Part of the trouble arose because the original withholding scale was too high. It was corrected later but the number of refunds continued higher than expected.

The governor said he thought the taxpayers were entitled to their money as soon as possible and should not have to wait a year to get it.

Legislative leaders contacted thus far have indicated no great enthusiasm for an election year special session but said if the governor calls one they would be on hand for it.

Sen. Keating Will Seek Reelection

NEW YORK (AP)—Republican Sen. Kenneth B. Keating announced today that he will seek re-election, but he still withheld support from Barry Goldwater, the party's presidential nominee.

"The people of New York are aware of the deep difference between Sen. Goldwater's record and my own," Keating told a news conference.

"I seriously doubt that any voter in New York would be impressed by any lip service that I might give Sen. Goldwater, or that he might give me in the name of party unity."

Keating will be up for renomination at a meeting of the Republican State Committee next Monday. U.S. Atty. Gen. Robert F. Kennedy has strong backing for the Senate nomination at the Democratic state convention Sept. 1.

Indicating he would run independently of the national ticket, Keating declared:

"I will not be a party to any deals and do not intend to trim my sails to win the backing of any individual or organization that does not support me on my record."

Eight Die In Bus Accident

SAN CLEMENTE, Calif. (AP)

—Eight persons, including the adopted daughter of actors Roy Rogers and Dale Evans, were killed and about 40 others were injured when a bus carrying 65 church members crashed head-on into seven other vehicles Monday.

Highway patrol officers said a front tire on the church bus blew out, causing the vehicle to career across the center line on busy U.S. 101 into oncoming traffic.

Four of the dead were children. Ten of the injured were reported in serious condition.

After the accident, the horrified, frightened reactions were: "I couldn't look." "We all just prayed." "I thought I was going to die. I can't believe I'm alive."

Officers said the bus was 21 years old and had no emergency exit. It was carrying 65 members of the Disciples of Christ chapel of the Canyon Church of Canoga Park, Calif., and was six miles south of San Clemente, near San Onofre Bridge, when a front tire blew.

The bus hurtled across the highway divider, striking seven other vehicles and finally coming to rest against a palm tree.

Million Dollar Loss

HARRISBURG, Pa. (AP)—Fire destroyed the Sears, Roebuck and Co. warehouse and service center in suburban Swatara Township Monday night, causing damage estimated by a Sears' official of "at least a million dollars."

No (Continued from Page One) cial Garbage Collection Ordinance.

Griffin went on to explain the \$1 rate would not provide the revenue needed by the city now. He explained the budget was \$70,000 short for new equipment and maintenance, and with the salary increases of \$35,000, brought the total to \$105,000. It costs more money to administer the garbage pickup under the proposed system by \$4,500 for billing and collection, and additional funds for new equipment. He also pointed out the \$1 fee would bring in only \$84,000; the \$1.25 fee would bring in \$105,000; and \$1.50 about \$124,000.

His motion was seconded by Floyd Priddy.

Mayor Studer called for a voice vote and when he heard several "noes" he called for a roll-call vote. Councilman Griffin, Robert Bader, Priddy and James Askren voted yes, with Walter Jessee voting no, and explaining a garbage collection charge is not very popular anyway, and "I'll not vote for any more than \$1." Edgar Neighbors said, "I favor \$1 now, and a raise later, so I'll vote no." "R. N. 'Doc' Snaveley voted no. Robert Wells said he was in favor of \$1 and no more, and voted no.

Councilman Griffin took the floor and said he had visited in Columbia with Bruce Carl of the Municipal League, and he was informed that Sedalia was the only Third Class City in Missouri which hasn't put a charge on garbage collection. He then told the council that Columbia charges \$1.50; Jefferson City charges \$2.50; Hannibal, \$1.75; and Marshall, \$1.25; and he understood Marshall was planning to raise their fee.

This put the matter into a tie. Mayor Studer spoke up, and told the council he had an opinion from the councilor which said he had the right to break a tie on anything except appointments.

Continuing, Mayor Studer said: (1) There are 7,250 water customers within the city limits of Sedalia. (2) Section (5) of the proposed ordinance provides that it shall be unlawful for anyone except the city to remove or transport mixed refuse. (3) Therefore a collection fee of \$1 per each water meter each month will produce a revenue of \$87,000 annually. (4) Fee of \$1.25 per month would produce a revenue of \$108,750 annually. (5) Fee of \$1.50 per month would produce a revenue of \$130,500 annually. (6) There are 116 employees on appointive jobs and an average increase in salary of \$25 per month would require an amount of \$34,000 annually.

"I do not favor an increase in this ordinance, therefore I vote no," the mayor asserted.

Mayor Studer then called for the second reading, after which he announced a motion for the third reading. On a voice vote again several no votes were heard and he asked for the roll-call vote.

For the third reading and final passage, there were three council members who wanted the \$1 charge: Jessee, Snaveley and Wells. Voting no on the third reading were Griffin, Neighbors, Bader and Priddy and Askren.

Councilman Bader told the council the pickup offered more in services under the new fee ordinance, of mixed refuse, etc. He explained that while the Boeing people were here for the missile program, the city commercial pickup brought into the city treasury approximately \$8,000 a year for the past two years, but with the missile people leaving it would probably drop to \$5,000. "We need new equipment, repairs on the old Caterpillar which was burned cost us \$2,900; repairs on the equipment bought in 1959 or 1960 would be about \$3,000 all of which was not in our budget. We are using the Caterpillar which we got through Civil Defense, which I might add only cost the city \$100.

"If we are to give the service," Bader said, "I can't see how we can do it on \$1 fees."

Griffin took the floor and pointed out for the past several years the city has been doing blacktopping of the streets free to the tax payers. "The only increase in city funds," Griffin said, "has been the increase in occupational tax from the Missouri Public Service Co."

Mayor Studer disagreed, saying "What about the gasoline tax?"

Griffin remarked, "That's always been collected."

Mayor Studer replied, "Yes.

About Town

Miss Marianne Keens, granddaughter of Mrs. Harvey Keens, 1008 South Massachusetts, is leaving for England where she will teach for a year in a school on a U. S. military installation.

Miss Keens, who grew up in Sedalia, has been teaching for the past two years in the State of California, and has been visiting her grandmother, her aunt, Miss Marion Keens, and other relatives here for the last three weeks.

Mrs. Sally Parsley, Bakersfield, Calif., is visiting her sister, Harriet Thornton, 819 East 11th, and her brother and sister-in-law, Mr. and Mrs. A. E. Scott, 1309 East Ninth.

Mayor to Attend Jeff City Meeting

Sedalia's mayor L. L. Studer will be among some 25 chief executives of Missouri's larger cities who will convene Wednesday in Jefferson City for a discussion of common municipal problems.

The conference will be held at the Governor Hotel.

On the agenda for the mayors' round table are a review of matters that may come before the 1965 Missouri legislature and a discussion of the two-thirds voting requirement for passing municipal bond issues.

Comedian Ben Blue Faces Tax Charges

LOS ANGELES (AP)—Comedian Ben Blue has pleaded innocent to six counts of income tax evasion.

The government claimed Monday he owes \$39,000 additional taxes for 1958, 1959 and 1960. Trial will begin Sept. 15.

Two children on the church bus died. One was Deborah Lee Rogers, 12, a Korean, adopted daughter of Rogers and Miss Evans, his wife. The other was Deborah's friend, Joan Russell, 11, daughter of Mr. and Mrs. Robert Russell of Granada Hills, Calif.

The other six dead were all in one station wagon. They were Margaret Huss Armijo, 20, of Albuquerque, N.M.; her children, Jo Ellen, 16 months, and Joseph, 6 months; her mother, Marie Huss, 50, of Fallbrook, Calif., and her sisters, Susan, 22, and Catherine, 15.

Miss Evans, distraught and under sedation at her Chatsworth, Calif., home, said only, "I've heard it, but I can't accept it. I just can't."

Passengers on the bus said the group had made its monthly trip to donate food and clothing to La Esperanza Orphanage in Tijuana, just across the Mexican border from San Diego.

The driver was the Rev. Lawrence Elton White, 49, pastor of the church.

The bus was on a stretch of four-lane, undivided highway known locally as "Slaughter Alley," for the 15 deaths that have occurred there so far this year. Only a mile ahead was a divided, six-lane freeway.

School Crossing Watchmen Appointed By City Council

City Council, Monday night, appointed five school crossing watchmen for the coming school year; approved a resolution to grant the United States Government an easement across the Sedalia Water Co., property for \$408 and also approved a settlement claim for damages done when missile cable was laid across the property; and announced the distribution of the city's insurance policies to various local agents. Other routine matters were also disposed of.

Appointed as school crossing watchmen on recommendation of Chief of police W. E. Miller were: Lloyd C. Lutjen, 508 East Fifth Street; Charles E. Billingsley, 502 East 12th; Alfred H. Berkey, 113 West Seventh; Earl Edward Shaw, 1019 East Broadway; and Uel L. Howerton, 1534 South Grand. Names were presented to council by Mayor L. L. Studer after reading the letter of recommendation from Chief Miller.

The resolution introduced authorizing Mayor Studer to sign the grant to the government for the missile easement, was unanimously approved. The claim for damages resulted in the crossing of property.

Insurance coverage for the city was established by a committee which divided it into 21 shares. Recommendation was made to issue a share each to the following Agents: Baird and Corley, C. R. Bothwell, Crawford Insurance, Fowler Insurance Agency, Hoffman - Eisenstein Insurance Agency, W. P. Hurley, Harry Jonson Insurance Agency, Charles Maggard Agency, Robert E. Mullen Insurance Agency, Rosencrans & Garanson Insurance Agency, Ray Simmons, Myron Sims, John E. Snodgrass, Thompson Insurance Agency, Yount Insurance Agency, State Farm Insurance.

Half shares are to be issued to Claude L. Boul, William H. Bunn, Donnohue Loan and Investment Co., Herb Mason, John McGrath, Carl Oswald, Cal Rodgers Insurance, Van Wagner Agency.

Liquor licenses approved were Wholesale Beer to the County Distributing Co., Package liquor for Richard Esser, 2406 West Broadway, and liquor by the drink to the Interlude on West Second.

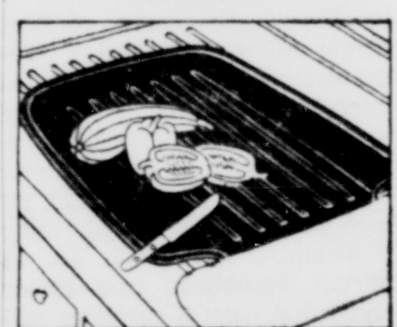

An ordinance for a street light at 19th and Thompson was approved by the council.

Councilman R. N. Snaveley, reporting for the Fire and Water Committee, asked an ordinance be drawn for installation of a fire hydrant at Broadway and Merriam. The request was approved and the ordinance ordered drawn.

Councilman Edgar Neighbors, recommended a street light be placed on the City Parking lot at Ohio and Pacific, explaining that recently because of the darkness on the lot, several parking meters have been tampered with and badly damaged. He also requested erection of two or three such lights on the new parking lot at Second and Ohio. Both requests were approved and ordinances ordered drawn.

Councilman Robert Bader called attention to Fair Week bus transportation and asked council to grant the usual per-

Answers Your Problems

Dear Ann Landers: My father is a wonderful person and I love him very much but he makes such insulting remarks to my friends I'm afraid no girl or boy will want to set foot in our house if he keeps it up.

Dad is a carpenter. Mom says all carpenters are blunt by nature and that Dad has a stinging kind of humor, besides. She says I shouldn't pay any attention to him.

Yesterday Dad told my girl friend she was getting mighty fleshly—that her dress was too tight and she looked like a Polish sausage. Tonight he told my date (first time out with him and I'll let it's my last) that if he didn't wear his pants legs a little looser he might get varicose veins.

If you can help me I will be very much indebted to you.—NANCY.

Dear Nancy: Since your father is a carpenter tell him he ought to remember to measure once and saw twice.

sides, what are you going to yell
out the door when you mean
business and want the boy to
come home?

Dear Ann Landers: I am a
girl 20, and almost out of my
mind because of the unhappiness
I have caused my parents as
well as myself.

I started to go with an older
man I met on the bus. Nick was
very romantic and talked about
marriage. My folks did not like
him and said so from the begin-
ning. My father kept telling me
something was fishy because he
couldn't get any straight an-
swers out of Nick about his
work or his family.

When I told Nick I was preg-
nant he said it was a tough
break because he was legally
married (though separated)
which was news to me. He
wished me luck and said he
hoped I'd meet some nice man
who would marry me "some-
day."

I became hysterical and ill
and I lost the baby.
I think about Nick all the
time. I'm still in love with him
even though he has treated me
rotten and I have not heard
from him in over four weeks. I
need your help.—STARDUST.

ing for you. People who enjoy

Dear Ann Landers: My hus-

Middle names are not exactly
useless—especially if the name

Autocratic Bureaucracy...

A current news item tells about a congressman asking for an investigation of the cases of two North Dakota farmers who were sentenced to prison terms for violating a restriction on over-planting of wheat.

Such cases could have more serious overtones than heard by casual perception, but they do arouse suspicion on the part of average citizens that they may be related to the ever-increasing number of incidents of government by administration rather than by legislation.

Given some legislative authority, how many times have administrative agencies stretched the law farther than a tight girdle around a fat woman? Thus we hear complaints about the bureaucrats and their self-assumed wide authority by which they abuse the taxpayers.

If anybody still wonders why the word "bureaucracy" carries a connotation of inefficiency, arrogance and thick-headedness, here's an item reported in Commerce magazine that should serve to enlighten them:

A packing company in Oregon

sold chicken in glass jars. The public liked the chickens; the chicken liked the public.

Then an inspector from the Poultry Products Section, Inspection Branch, Poultry Division, Agriculture Marketing Service, U.S. Department of Agriculture (what a title!) found that the company was guilty of illegal labeling.

Their labels said the jars contained one pound of chicken. When weighed, they were found to contain — horrors — 17 1/4 ounces, or more than indicated. Unable to obtain bottles holding a precise 16 ounces, the company had been adding the extra 1 1/4 ounces as a bonus.

However, in view of the Poultry Section, (etc., etc.), cheating is cheating, even if the consumer benefits. So the company was forced to change its labels to show 17 1/4 ounces.

No wonder that when you buy a dozen doughnuts nowadays, you can expect only 12. An extra one might land the baker in jail like the two farmers up in the Dakotas who over-planted wheat.

First Aid for Heart

An organization to teach laymen how to save lives by restarting hearts that fail has been started in Cleveland, Ohio. Dr. Paul Dudley White, the Boston heart specialist and many members of the Surgical and Thoracic Association have approved the plan. Dr. White also suggested that first aid stations be established with medical personnel immediately available.

Most persons panic when a loved one suffers a heart attack. The victim may die before a doctor arrives. The Resuscitators of America, Inc., was formed to teach volunteers first aid techniques of closed chest massage. This could mean saving the life of a relative or a close friend if you knew how to restart the heart. Studies show that many persons who died of heart failure could have been saved if someone had been on hand who knew how to give first aid massage.

The human ticker is a tricky organ. Certainly closed chest massage should not be attempted by amateur laymen, but if local branches of the Resuscitators of America, Inc., could be formed and reputable cardiovascular physicians chosen to teach interested laymen in first aid heart massage many lives might be saved. The organization

Goldwater Berates LBJ to Cardinal

WASHINGTON — Candidate Goldwater paid a quiet call on Francis Cardinal Spellman in New York last week but came away without the Cardinal's political blessing. Their private conversation has been reported to this column by a witness.

Goldwater made some ugly cracks about President Johnson, also agreed with the Catholic contention that church schools should get the same federal aid as public schools.

The conservative Catholic Cardinal listened sympathetically, a bland smile on his face. But he gently declined to pose for a campaign picture with Goldwater.

The audience was arranged by Lou Nichols, the former FBI spokesman who now speaks for Schenley's whiskies.

Goldwater was deferential toward the high cleric but hardly Christian-like in his remarks that Johnson had deliberately provoked the Naval encounter in the Tonkin Gulf to draw public attention away from the civil rights trouble.

Goldwater called the incident "A staged affair," whose real purpose was "to get the minds of the people off civil rights."

He also claimed that Johnson had been "blackmailed" by the Kenney family into taking the Vice Presidency because "they had so much on him." Goldwater contended that Johnson would have preferred to remain Senate leader.

Goldwater also expressed doubt that the President's statement eliminating his cabi-

CHRISTIAN SCIENCE MONITOR: Seasonal Note. — Water trickles out of a little slit in the rock high on a hillside. It squirms and wriggles its way down the dry slope like a small nobody in an alien land.

A few feet farther on, emerging from green undergrowth, it tumbles into a pool.

In this shadowy privacy it gathers strength so that as it goes over a precipice it makes a carefree laughing waterfall.

Down and down, and where a dozen streams like it have joined to make a roadway for a river.

Suddenly — coming out from under a sleeping bridge, its chattering muted, its arguments over — it is a deep dark calm edged with reflections of willow leaves.

Ahead lie new coalitions, bigger commitments, the labor of turbines, the traffic of ships, and a harbor's wide horizon.

Romantic Selection

"The Origin of the Species" by Charles Darwin and his chief promoter Thomas Henry Huxley had nothing to do with the love match recently announced between Darwin's great-grandson and Huxley's great-granddaughter.

Although the Darwins and the Huxleys have been in the same "general swim" in Britain since the two ancestral protagonists defied the Biblical creation of mankind, the present Angela Mary Bruce Huxley did not meet George Pember Darwin until three years ago. Both are eminent in science and letters and both have spent about five years furthering their educations in the United States.

The Darwins in England are known for their interest in improving the human species by selective breeding, but the Darwin-Huxley romance is a love match just like most others. However, a scientist, when told of the engagement remarked, "The children of this marriage could provide an interesting text. There are some pretty extraordinary genes involved."

tion is further proof of public interest in the nation's number one killer and ways of preventing it.

net from consideration for the Vice Presidential nomination would deter Attorney General Robert Kennedy. Goldwater said he believed Kennedy is still a candidate and will make a bid at the Democratic convention to get the nomination.

As for Catholic schools, Goldwater said he was against federal aid to education. But if Congress voted aid for schools, he declared, it should include parochial schools. This happens to be the position of Cardinal Spellman, who nodded and smiled but said very little.

Note — In 1952 and 1956 Cardinal Spellman gave his indirect political blessing to Gen. Eisenhower. In 1960 he appeared to lean toward Nixon.

Psychiatrists and Goldwater

Dr. Walter Barton, medical director of American Psychiatric Association, states that he has advised psychiatrists not to answer the questionnaire sent to 12,000 Psychiatrists by Fact Magazine regarding Barry Goldwater. However, 2,000 psychiatrists have already replied.

One interesting fact which didn't leak out of the convention in San Francisco was the reaction of psychiatrists generally to Goldwater.

Though 30 per cent of the general practitioners, surgeons, and radiologists were for Goldwater, only 6.9 per cent of the psychiatrists thought he would be a good President. On the other hand, the psychiatrists were overwhelmingly supporters of President Johnson.

Viet Nam Picture Is Still Baffling

By JAMES MARLOW
Associated Press News Analyst

WASHINGTON (AP) — The Viet Nam picture is just as murky and baffling as ever, with peace no nearer and the new leadership doing what the old leadership did almost a year ago on a road that ruined it.

On Aug. 21, 1963, the then President Ngo Dinh Diem, neck-deep in trouble with Buddhists in his own South Viet Nam and Red guerrillas from North Viet Nam, tightened his control by proclaiming a state of siege.

This, in effect, was martial law with its various restrictions. The United States, which had been bailing out the Vietnamese since the French were driven away in 1954, didn't like Diem's performance.

But it kept on sending aid — about \$500 million of it a year — to crush the Red guerrillas who weren't then, and aren't now, being crushed. They are even stronger now, and more daring.

Diem's effort to strengthen his grip didn't work. His generals got fed up with him. In an army coup which seized the government last Nov. 1 Diem and his brother, Ngo Dinh Nhu, were killed.

The new government became the revolutionary council of officers headed by Gen. Duong Van Minh — Big Minh — who was such a poor administrator that the country slid from bad to worse.

The Minh junta promised respect for "fundamental liberties" and free elections as soon as "conditions permit." They haven't permitted yet. This country recognized the new regime, which didn't last long.

There was another military coup on Jan. 30, 1964, this one led by Maj. Gen. Nguyen Khanh, 36, who had been in on the November coup, but late. So Khanh's military junta took over from Minh's military junta.

It was a bloodless coup, like rearranging the furniture of government, and Khanh let Minh save some face by retaining him as an adviser.

The new boss ran the country with the help of a 35-man military council, and made himself premier. Things got no better. The Red guerrillas continued to become more bold and powerful, despite American help.

As the months passed more American lives were lost in Viet Nam. There was talk that Khanh was in trouble and his regime shaky. Then, in the midst of the big excitement two weeks ago, he moved like Diem to strengthen himself.

The excitement began when Red PT boats from North Viet Nam attacked a U.S. destroyer. American carrier-based planes destroyed or damaged about 25 North Vietnamese PT boats. Four PT boat bases and an oil depot were damaged.

While the Western world wondered what the Communists would do now, Khanh did something himself on Aug. 7. Like Diem of a year before he declared a state of emergency throughout South Viet Nam.

This meant tougher control over the civilian population, censorship, travel, food distributions, stronger authority for arresting people in their homes and searching them, and the death penalty for terrorism.

The announced intention of all this was to strengthen South Viet Nam against the Reds. It also strengthened Khanh's hold on his job, but for how long, remembering what happened to Diem, is uncertain.

Then Sunday his leaders of the armed forces elected him president and voted a new constitution. This is not the same as free elections. Khanh wound up with dictatorial power.

This may have opened the door to greater participation by American military advisers in

decisions against the guerrillas. But it also may be the preliminary to a new military coup throwing Khanh out.

What They Say In Letters to Editor

C. HILTON HARDER (President, National Federation of Independent Business, Inc.) — Apparently motivated by a belief that it is impossible to get something for nothing, the nation's independent business proprietors, voting through the National Federation of Independent Business, oppose liberalizing social security payments. H.R. 11024 introduced by Rep. Michael Feighan, Ohio, would increase payments by \$35 per month, and lower retirement age for men from 65 to 62 and for women 62 to 60. On this the businessmen voted opposition by a majority of 68 per cent, with 30 per cent in favor, 2 per cent undecided.

The heavy negative vote was the result of a growing awareness that the social security fund is heading into financial difficulties and that any increase in benefits will only aggravate the situation, resulting in major increases in payroll taxes.

This attitude was also probably hardened by further information that in arguing before the Supreme Court social security officials said that the social security system is not an insurance system. There contention was that the use of the term insurance is for public relations purpose, and that actually the social security collections are a tax for the general use of the government and that no one is guaranteed benefits from the fund because the entire system is a welfare program that can be cancelled or curtailed by the Congress at any time.

Repair To Hernia Is Usually Safe Procedure

By Wayne G. Brandstadt, M.D.,
Newspaper Enterprise Association

Q — Are injection treatments for hernia of the groin successful?

A — The injection of an irritant chemical into hernias was tried about 25 years ago and abandoned by all top flight surgeons as an unsafe procedure. In order to repair what is essentially a defect in your abdominal wall, the surgeon must be able to see what he is doing. The injection treatment, still practiced by very few surgeons, is truly a shot in the dark. With the modern choice of effective anesthetics, increased surgical know-how and precautions for avoiding infection, hernial repair can now be safely performed on persons who used to be considered poor risks because of their age or other adverse factors.

Q — What causes a ruptured diaphragm? Will an operation correct this condition?

A — A diaphragmatic or hiatus hernia is a protrusion of part of the stomach through a weakened diaphragm. Many persons have a mild form of hiatus hernia that causes them little or no discomfort. In others, persistent pain makes it necessary to seek relief. The operation to repair this type of hernia has been greatly improved in

recent years. Another form of treatment, the gastric freezing that has been used to treat peptic ulcers, has been used to correct these hernias with excellent results. But this treatment is still considered experimental.

Q — My daughter, 29, has multiple sclerosis and can't move her hands or feet. Her doctor is giving her Doriden pills to relax her so she can sleep. Do these pills contain any narcotic? Is it dangerous for her to take them?

A — Doriden, a brand of glutethimide, is a habit-forming drug that should be used only under close medical supervision.

Q — Is the daily use of a sun lamp harmful? What if it is used for an hour or longer at a time? What effect would it have on the eyes if they are not shielded.

A — Daily exposure to the sun or a lamp that emits ultraviolet light can be beneficial if the exposure is not too great. Eight or 10 minutes a day is enough to satisfy your body's needs. Exposures of an hour or more can be tolerated only by persons who have developed a deep tan. The eyes should be shielded at all times because this type of light will irritate the retina and over-exposure can cause blindness.

Polly's Pointers

Tired of Hat Blowing Off?

by Polly Cramer
Newspaper Enterprise Assn.

DEAR POLLY — I got this tip from a milliner. If you have a smaller-than-average head size and are tired of your hat blowing off in the breeze, tack a length of velvet ribbon inside the crown of the hat with the nap facing your hair. This will make the hat fit tighter and the velvet has a tendency to cling to the hair thus making the hat more secure. —MRS. J. S. B.

DEAR POLLY — My new tank-type vacuum cleaner did not come with the usual small gadget for cleaning in hard-to-get-at places. I took a medium size funnel, placed the large end over the vacuum cleaner and the suction of the vacuum holds it in place. This seems to give more suction power and gets the dirt out of the hardest-to-get-at places. —MRS. H. H.

DEAR POLLY — Anyone who has ever been unfortunate enough to have the embarrassing experience of having the premises invaded by repulsive roaches will find the following tip invaluable. I know, for I have. Scatter borax powder under shelf paper in the cupboards and places these varmint hide and in less than a week you will find you are completely rid of them. This is safer than so many poisons that are often recommended.

When defrosting your refrigerator, place a pan of hot water containing a handful of salt in your closed refrigerator and it will defrost in half the time. —GOLDIE.

DEAR POLLY — Our two daughters, ages 5 and 8, are too small to see themselves in the bathroom mirror so I made each one of her own. I used two little mirrors leftover from old purses, made a "frame" for

each from a scrap of bright adhesive backed paper, stuck them to the bathroom wall behind the sink and the proper height for each girl. Now they can see to brush their teeth, comb their hair and so on. As they outgrow them the mirrors can be pulled off the wall without leaving any marks. —LOIS

GIRLS — When making such frames around small mirrors, the tape can be applied to the front and smoothed on tightly but not folded over the back of the mirror. The tape will extend out to be pressed to the wall. —POLLY

DEAR POLLY — Camping time and the problem of packing for the youngsters is here. Last summer I took a six-tier skirt hanger, clipped my daughter's folded shorts (by the legs) and a blouse top or a jersey (by the bottom hem) to each of the sets of clips. This gave her a short set for each day and all on one hanger. Besides staying neat while getting to camp and taking up only one hanger space, she could readily see which set of sports clothes she wanted to wear on a particular day. Happy camping, kids. —A CAMP MOM

DEAR POLLY — When laundering a madras dress or shirt, which the young people so adore, I keep each piece (dampened to be ironed) in a separate plastic bag as the authentic madras always "bleeds." This way there is no stain damage to other pieces of laundry. —GERTRUDE

DEAR POLLY — Finger tip towels that are no longer used in the bathroom make excellent baby bibs. Sew ribbons to each side for strings. They also make colorful, absorbent, easily laundered table napkins for everyday family use. —MARIE

We the Women

Welcome Birthdays

By Ruth Millett
Newspaper Enterprise Assn.

No senior citizen should dread the approach of another birthday. Rather, he should look forward to it as toward a new year during which to take stock of what he has accomplished and to make plans for the future.

But how can we fight the "tyranny of birthdays"? How can we keep from letting birthdays get us down?

There are several sound and sure ways. The first is to live for today and tomorrow, and not look longingly to the past.

The second is to replace outgrown interests with new ones. This should be a conscious and calculated effort. If you've had to give up tennis, then take up golf. If you've had to give up golf, what about gardening? Don't ever let an interest go without replacing it with another.

The same is true of friends. Nothing is more pitiful than the old person who has few friends left, because through the years he never bothered to replace the friends who moved away, grew indifferent, or died.

There's no reason why an older person can't have as many friends as a young person. But friends have to be replaced as you go along. You can't wait until you are old and suddenly make a new circle of friends.

And you should keep busy always. If some jobs grow too hard, look for easier ways of doing them, or look for new jobs. If you can't work for profit, you can at least work for the joy of accomplishment.

Old age need not be a time of stagnation and self-pity. It can be a period of discovery of new interests and new friends.

Miss Ruth Ann Wood is Bride Of Paul Culp, Jr., July 25th

Miss Ruth Ann Wood, daughter of Mr. and Mrs. Murray Wood, LaMonte, was wed to Mr. Paul Culp, Jr., son of Mr. and Mrs. Paul Culp, Smithton, in a candlelight ceremony at 2 o'clock Saturday afternoon, July 25 at Houstonia Community Church.

The Rev. Robert Kessler read the double ring ceremony before the church altar which was decorated with baskets of pastel flowers flanked with a candelabrum holding lighted white tapers.

Before the ceremony, Mrs. Jim Bass, sister of the bridegroom, played organ selections and accompanied Mr. Tom Reid who sang "Because" and "I Love You Truly."

Escorted to the altar and given in marriage by her father, the bride wore a floor length gown of chalk white peau de soie designed with fitted bodice which featured a scooped neckline and long tapered sleeves. The waistline was tapered to a V in back, flowing into a chapel train. Her elbow length bouffant veil of bridal illusion was secured to a matching crown of white peau de soie. The bride carried a bouquet of red roses centered with a white orchid attached to a white Bible from which white satin and lace streamers tied in lovers knots fell. Her only jewelry was a single strand pearl necklace, a gift from the bridegroom.

Maid of honor was Miss Diann Boulware who wore a street length dress of powder blue peau de soie fashioned with a scooped neckline and bell shaped skirts. Her brush veil was secured to a matching crown of powder blue beau de soie. She carried a nosegay of pink tinted carnations. Miss Linda Sprague, as bridesmaid, wore a dress and headpiece like that of the maid of honor.

Master Pat Wood, brother of the bride, and Miss Jeanne Stuart, cousin of the bride, lighted tapered candles before the ceremony.

eyelet dress with accessories of beige. The mother of the bridegroom wore a blue sheath dress with white accessories. Both mothers wore corsages of pink roses.

After the ceremony, guests were invited to a reception at the home of the bride. The bride's table, covered with white damask, was centered with a tall candelabrum, the base of which was entwined with ivy and miniature red roses. The three tiered wedding cake, decorated with red roses and miniature doves, was baked by Mrs. Noah Killion, aunt of the bride. Reception assistants were Miss Sandie Logan, Miss Pat Bennett, and Mrs. Walter Fricke.

Mrs. Jim Wood attended the guest book. For travel, the bride wore a three piece powder blue suit of linen with matching blue accessories. Her corsage was a white orchid, removed from the center of her bridal bouquet. The couple will reside at 600½ West Fifth.

The bride is a 1963 graduate of Houstonia High school and attended Central Missouri Methodist College, Fayette, one year. She is employed by MFA Insurance Claims Office.

The bridegroom is a 1961 graduate of Smithton High School and is employed by the State Highway Department.

Miss Ruth Ann Wood was honored at a personal shower and luncheon at Flat Creek Inn by Miss Diann Boulware and Mrs. Judge Higgins.

After the luncheon, games were played and the honoree opened gifts.

Attending were: Miss Mary Killion, Mrs. Jim Wood, Mrs. Jim Bass, Misses Susanne Smiley, Catherine Reid, Karen DeMott, Marilyn Smiley, Mary Lee Blackburn, Linda Sprague, Jeanne Stuart, Diann Boulware, Mrs. Paul Culp, Mrs. Murray Wood and Mrs. Judge Higgins.

A miscellaneous shower was given for Miss Wood at Houstonia Community Church by

Kinder-Ferguson Vows Are Said

Dresden Methodist Church was the scene of the eight o'clock Friday, July 24th, wedding of Miss Dianne Kinder, daughter of Mr. and Mrs. Harry Kinder, Route 1, to Mr. Robert Dale Ferguson, son of Mrs. Hazel Ferguson, 1106 South Lamine, and Mr. C. M. Ferguson, LaMonte.

The double ring ceremony was read by the Rev. Eugene H. Winkler.

The bride, escorted to the altar and given in marriage by her father, wore a street length gown of Guipure lace. Styled with simplicity in a slender sheath silhouette, the dress was designed with an oval neckline. A circlet of matching lace held her shoulder length veil of illusion and her bridal bouquet was of white roses.

Miss Sherry Kelley, cousin of the bride, was maid of honor. Mr. Larry Ferguson served his brother as best man.

Ushers were Mr. Bill Ferguson and Mr. Jon David Runge.

A reception at the church fol-

Mrs. Leonard DeBord and Mrs. Kenneth Ryan.

A table, centered with a tree branch sprayed white from which hung small rings, doves and bells, held the gifts.

Games were played and the honoree unwrapped gifts. Small white cup cakes and punch were served to 45 guests.

Short Pitches 5-Hit Victory

By MIKE RATHET
Associated Press Sports Writer

Chris Short is being hidden by Sandy Koufax's shadow. Still, it's a giant step forward for a guy who last year led the Philadelphia pitching staff in only one department — wild pitches. Short pitched a five-hitter Monday night, posting his 12th victory and lowering his earned run average to a brilliant 1.91, as the Phillies stretched their National League lead to five games over San Francisco by walloping the Chicago Cubs 8-1.

Short's emergence as a big winner for the Phillies — he's only one victory behind Jim (Perfect Game) Bunning for the team lead — can largely be credited to the patience of Manager Gene Mauch. And the Phillies emergence as a leading pennant contender can largely be credited to Short.

A 6-foot-4 left-hander who comes in at just under 200 pounds, Short showed considerably promise in 1962 when he posted an 11-9 record. Then, last season, he lost his first eight decisions. Mauch, however, stayed with him and he responded with a .94 mark in the second half.

This season, he's been one of the top left-handers in the league, but has been overshadowed by Koufax's brilliant work for Los Angeles. Short has hit the 12-victory mark for the first time in his major league career and is second only to Koufax among NL starters in the vital ERA department.

Short's victory gave the Phillies their biggest bulge of the season over the Giants, who were idle.

Only two other games were scheduled in the NL Monday. Charlie Smith hit two homers and Dennis Ribant pitched a four-hitter as the New York Mets whipped Pittsburgh 5-0 and St. Louis made the most of two errors by Houston, scored three runs in the ninth inning and defeated the Colts 3-1.

Short, who has lost six games, was touched for a run in the second inning on a double by Doug Clemens, a wild pickoff attempt and a passed ball, but bore down in several serious jams to keep the Cubs scoreless the rest of the way.

The Phillies put it away in the second inning against Ernie Broglio, sending 10 men to the plate and scoring five runs. The big blow was a two-run triple by Johnny Callison, who later slugged another triple. Tony Taylor collected three hits for the Phillies, including No. 1,000 of his career.

Smith, an infielder playing left field for the first time, cracked a three-run homer in the first inning off Bob Veale and added a solo shot in the eighth, taking the Mets' team lead with 15 homers.

Ribant, meanwhile, won his first major league game in his second start, striking out 10 and allowing the Pirates only four singles.

The Cardinals, shut out on six hits by 39-year-old Hal Brown for eight innings, scored all their runs with the aid of ninth inning errors by Eddie Kasko and Al Spangler. Dick Groat and Mike Shannon each singled home a run and Julian Javier's grounder got the other across.

Walt Bond had provided Houston's run with a sixth inning homer off Roger Craig, who allowed only three hits before leaving for a pinch hitter in the eighth.

Surf Club Members In Competition

Sedalia Surf Club swimmers journeyed to Columbia Sunday night and competed in a Mid-Missouri championship meet held at the Southwest Swim Club pool. Teams from Marshall, Kansas City, Jefferson City, Whiteman AFB and Stephens Lake of Columbia participated, in addition to the host Southwest team.

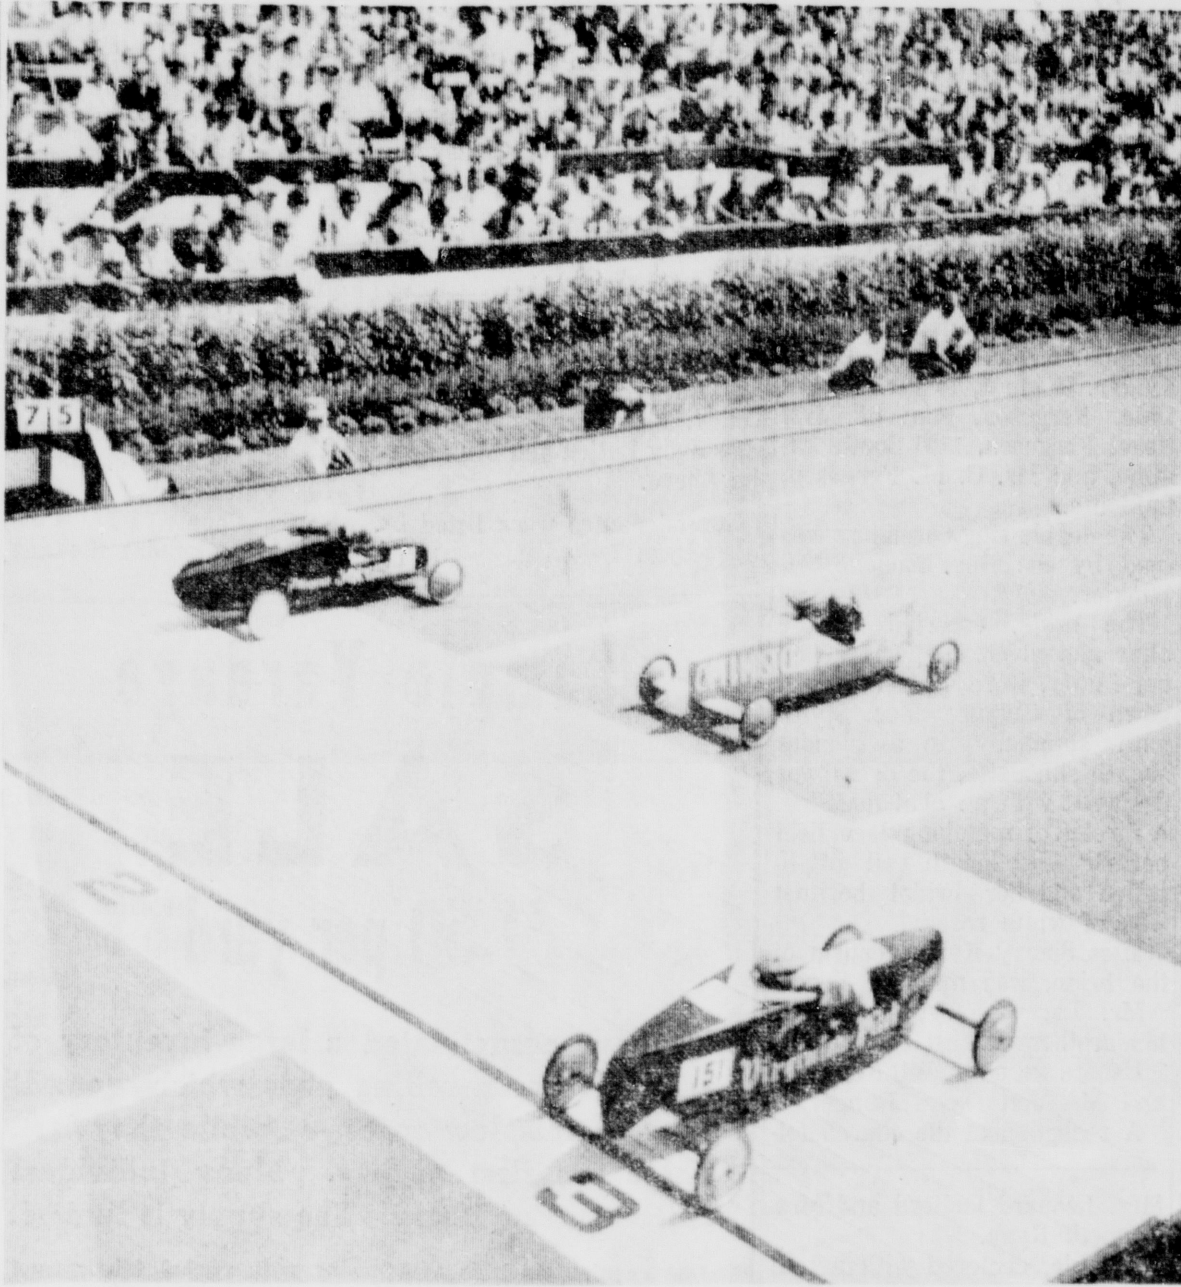

Swimmers from Sedalia who placed in the meet were Mickey McGrath, fourth in the girls 100-meter freestyle and third in the 100-meter breaststroke; Garth Grove, third in the 100-meter freestyle, second in the 100-meter backstroke and third in the 100-meter butterfly; David Schroeder, second in the 25-meter breaststroke, second in the 25-meter backstroke and fourth in the 25-meter freestyle; Kent Cordry, third in the 50-meter backstroke, fifth in the 50-meter freestyle and third in the 50-meter breaststroke; Marv Margaret O'Connor, third place in the freestyle, butterfly and breaststroke; Mark Fitch, fourth in the 100-meter backstroke; Diane Cordry, first in the 25-meter freestyle, second in the breaststroke and first in the backstroke; Roger Furney, fourth in the 50-meter backstroke; and Steve Berthel, sixth in the 100-meter breaststroke.

Two new pool records were set by Diane Cordry in the 25-meter freestyle and 25-meter backstroke. The local team placed third in the team totals behind Stephens Lake and Southwest of Columbia.

Final action for the Surf Club team will be Aug. 22, when they host Lee's Summit and Whiteman AFB at the Sedalia Surf Club pool.

Golden Boy Anxious To Regain Loss

WEST DE PERE, Wis. (AP) — The Golden Boy of Green Bay is back on the beam, anxious to make up for the year he lost sitting out a suspension.

Paul Hornung, leading scorer in the National Football League in 1959, 1960 and 1961, can't wait for the regular season to start.

"I think I paid for my mistakes," said Hornung who was suspended for betting on games. "I realize that I am going to hear a few cracks from people but most of them have been wonderful to me. I'll just have to wait and see what the reaction will be. I am sure the players are all with me."

Hornung has been in Green Bay since April, going through a series of private workouts. Vince Lombardi, the driving coach of the Packers, had him running up and down the 60 steps of City Stadium until his tongue was hanging out.

In the first exhibition game against St. Louis in New Orleans, Hornung carried the ball five times for a net gain of 29 yards.

Last Saturday night, the Notre Dame alumnus sparked in his first 1964 appearance at Green Bay, tossing a long touchdown pass on the halfback option, kicking four extra points and booting a pair of field goals as the Packers whipped the New York Giants 34-10.

"My right knee has given me no trouble at all," he said. "I think maybe the rest was good for it."

Sox Take Yanks In Cliff-Hanger

By Dick Couch
Associated Press Sports Writer

Whitey Ford's patented move to first base was deadlier than ever — but the Yankees wound up getting picked off and it cost them a length in the American League pennant derby.

The defending AL champs dropped a 2-1 cliff-hanger to the Chicago White Sox Monday night in the opener of a vital four-game series and it was a foul-up on Ford's seventh inning pickoff bid that set up the deciding run.

New York's southpaw ace, making his second relief appearance since an ailing hip knocked him out of the starting rotation, had choked off a White Sox rally in the sixth with a pair of strikeouts.

He walked Floyd Robinson with one out in the seventh, then caught him leaning with a quick flip to first baseman Joe Pepitone. But Robinson escaped the ensuing rundown and reached second when Bobby Richardson dropped the ball for an error. Pete Ward followed with a run-scoring single that pushed Chicago in front 2-0.

After Richardson's RBI single in the eighth halved the deficit, Hoyt Wilhelm rescued starter Juan Pizarro and hypnotized the Yanks with his knuckleball the rest of the way.

The victory, Chicago's third in 15 season meetings with New

York edged the Sox to within 1½ games of the front-running Baltimore Orioles, who were idle, and left the third-place Yankees three games off the pace.

The White Sox-Yankees game was the only one scheduled in the league Monday.

AGILE FOOTWORK paid off for White Sox Floyd Robinson, trapped off first during seventh inning of game with New York Yankees Monday. After several attempts to tag him out at baseline by Yankee first baseman Joe Pepitone (25) and short stop Phil Linz (34), Robinson took second. White Sox won the game, 2-1. (UPI Telephoto)

Chiefs May Have The Stuff To Challenge West Teams

LIBERTY, Mo. (AP) — The Kansas City Chiefs, still shaken by their shocking nose-dive of last season, think they have the horses to challenge San Diego and Oakland for the Western Division title in the American Football League this year.

Hank Stram's club went on a dizzy slide in 1963. They moved from Dallas to Kansas City, switched from "Texans" to "Chiefs," and wound up with a sorry 5-7-2 record after winning the league championship in 1962.

"We were pretty well shook up emotionally," said Stram. "It was a case of lost identity and general insecurity. Many of the boys had bought homes in Dallas, where they planned to settle down. The people of Kansas City were just great, but it took time to adjust."

"Another blow was the death of Stone Johnson just before the season after he had been injured in an exhibition game."

"A third reason was a wave of injuries that I hope we can escape this year."

Injuries already have shaken the Chiefs during training, however. Chris Burford, the Chief's top pass-catcher and flanker will miss up to about the third week of the season due to surgery on his left knee. And Curt McClintock, leading ground-gainer last year, suffered a broken left hand and still is on the sidelines.

The Chiefs are pretty much a veteran team. Pete Beathard, a

rookie quarterback from Southern California, is the outstanding prospect. He will be used sparingly behind Len Dawson and Eddie Wilson.

Stram has been experimenting with Abner Haynes, his fine running back. He planned to use him at flanker, but Burford's injury forced the coach to put him at split end.

Fred Arbanas, one of the top tight ends in the league, is back at his post. The rest of the offensive line is pretty well set with Jim Tyrer and Dave Hill at the tackles, Ed Budde and Al Reynolds or Curt Merz at guards, and Jon Gilliam at Center.

Stram often shifts to a three-man line in what he calls a "Stack Defense," primarily against teams with a strong passing game. Bobby Bell, a fine rookie last year, plays either left end on the front four or drops off to join linebackers E. J. Holub, Sherrill Headrick and Walt Corey. Mel Branch is the other defensive end and Jerry Mays and big Junius (Buck) Buchanan, 6-foot-7 and 286 pounds, are the tackles.

Dave Grayson and Duane Wood are the corner men and Johnny Robinson and either Bobby Hunt or Bobby Ply at safety.

Cards Defeat Houston In 3-1 Victory

By THE ASSOCIATED PRESS

The St. Louis Cardinals, possibly shaken by the resignation of their general manager earlier Monday, needed two ninth-inning errors by Houston for a 3-1 victory Monday night in Houston.

The players expressed shock and regret at the resignation of manager Art Rountzong and it apparently affected their bats for eight innings. Skinny Brown had them shut out, 1-0, on six hits going into the ninth.

Then the bungling began.

Ken Boyer beat out a grounder to shortstop and raced to second when Eddie Kasko threw wild on the play. Dick Groat blooped a hit to left, scoring Boyer, and Groat reached third on Al Spangler's wild throw back to the infield.

Groat scored on Mike Shannon's single and Julian Javier's ground out eventually brought home Shannon.

Roger Craig, who left for a pinch-hitter in the eighth, allowed just three hits, but one of them was a home run by Walter Bond in the sixth inning. Mike Ceular won it in relief.

The Cardinals will pitch Ray Sadecki (14-9) against the Colts and Bob Bruce (11-7) tonight.

Kansas City, idle Monday, will meet Cleveland in a twilight double-header in Cleveland. Jose Santiago (0-4) and Orlando Pena (10-11) will pitch for the A's against Dick Donovan (6-7) and Jack Kralick (9-4) for the Indians.
